Subject: Lakefront Development Advisory Commission

Dear Chairman Lynch,

Preserve Our Parks opposes the plan to relocate the statue of General Douglas MacArthur from MacArthur Square to the lakefront.

Although the location isn't specified we presume it is near the Vietnam Memorial in Veterans Park.

Placing a statue of any individual detracts from the solemn nature of a general memorial to those who gave their life in service to their country.

Further removing the statue from a square named in his honor diminishes the quality of that location.

Please do not recommend approval of this proposal.

John Lutz, President
Preserve Our Parks
