Participating Residential Solar Contractors

Homeowners may select any consultant or contractor from the lists and are encouraged, but not required, to get three bids for services. The Focus on Energy symbol only designates that the contractor is registered with Focus as a trade ally, not that the homeowner is guaranteed the Focus incentive. The Me2 program is not responsible for ensuring Focus incentives for any project. Homeowners are responsible for working with their contractor(s) to see if they qualify for any other incentive programs.
