

The City of Milwaukee is pleased to offer the Bronzeville New Homes Initiative to promote homeownership and new construction in the greater Bronzeville area – from North Martin Luther King Jr. Drive to I-43/North 7th Street between West Garfield Avenue and West Center Street. This new housing will be a perfect complement to the Bronzeville cultural and entertainment activities along the North Avenue corridor.

The City has a select number of lots that we will sell for \$1.00 to buyers who will build and occupy traditional-style homes. All construction must conform to the Bronzeville Traditional House Design Standards so as to complement and strengthen the existing fabric of the neighborhood.

Besides providing lots, the City will provide all buyers with for a five-year forgivable 2nd mortgage loan of \$10,000.

Click below to find your lot and instructions on how to purchase. You'll also find our design guidelines and purchase agreement.
